Condo founder Vanessa Carlos's gallery in gritty east London will host young Berlin gallery Schiefe Zähne and Queer Thoughts New York. Carlos/Ishikawa will show Richard Sides, who, in the collaborative spirit of the gallery-share platform, chose to work with German artist Lukas Quietzsch, who in turn shows at the new Berlin gallery, run by Hannes Schmidt (the name of which translates to Gnarly Teeth). The group show will take ideas of puberty as its theme, with Queer Thoughts showing work by Quintessa Matranga.

Carlos/Ishikawa is located at Unit 4, 88 Mile End Road, east London, E1 4UN.
