

SOPHIE REINHOLD

*Dear Hannes*

September 15th – October 20th 2018

**Dear Sophie (U ain't You)**

Can't explain on how much higher  
level of respect you are for me  
On a whole other level  
You – always – will – be

Us now finally cashin' in – big time  
But them, they do not know  
this special kind of currency  
Can – you – not – see?

Bang a hole in the wall  
throw some paintings through  
This is how we do  
that's the shortcut to success –uhh

*We're tingling dingeling dangling  
and answering questions unasked  
We're tingling dingeling dangling  
stupid questions will be stuffed up their ass*

Our love is how we played 'em dizzy  
System is sooo confused –  
It really thinks it's named ‚Sissy‘  
That's how badly it got seduced

So – u really ask for permission  
We don't have fuckin' permission  
But can u not see by now  
The rules we don't even know

We're answering questions unasked  
Sell them stuff they don't know they wanted  
They never ask the price  
They simply know they've got it

*We're tingling dingeling dangling  
and answering questions unasked  
We're tingling dingeling dangling  
stupid questions will be stuffed up their ass*

Ain't a whole lotta trans – par – en – cy  
Plenty o'room for some guessing  
What are that games rules again?  
Shitty salad with fancy dressing

Don't try to tell me what's the rules  
U so confused about what are the rules  
So until you hear from my lawyer  
Ur mysticism ain't my paranoia

Quite empty your gestures – (at best)  
All habits performed rather whack  
Ohhh, a memory comes back:  
Look like Uniqlo Shirts, thrown back on the  
stack

May integrity shart it's panties  
Bbs, never ask for permission to speak  
Let haters hate for what ever reason  
Your humor is dirty n deep

*We're tingling dingeling dangling  
and answering questions unasked  
We're tingling dingeling dangling  
stupid questions will be stuffed up their ass*

And tomorrow in the early morning  
We'll watch our baby shoot some hoops  
while u others pissdrunk n sleeping  
on the Ringbahn doin' loops

Feelings you don't make your prisoners  
Stick to your dreams and ideas  
keep shouting at cars in traffic  
you got laughs babes, you got the keys

Like Mel Gibson (the wanker!) in Braveheart  
The prisoner wishes to say a word:  
,FREEEdddooooooooooooommmmm!'  
A word y'all might've heard  
'nuff said
